30. Mathews Bow—Lift OR Black Mamba Pro—Winning Bidder’s Choice

Mathews Lift: The all-new 2024 LIFT checks all the boxes. At sub-4 pounds, this next generation of Mathews hunting bows introduces our pound-for-pound hardest hitting system to-date. Reimagined RPD limbs and a new axle assembly cut weight while increasing efficiency across the entire platform. A redesigned skeletonized aluminum riser eliminates unnecessary weight resulting in an ultra-lightweight platform made to withstand the toughest hunting conditions. The all-new Switch Weight-X Cam produces a stealthy draw and a solid, locked-in backwall for consistent accuracy, while delivering speeds up to 348fps. The wholly redesigned SWX Cam is the powerhouse of the 2024 LIFT. A steady stacking draw cycle provides a solid, locked-in back wall resulting in unrivaled consistency. Compatible with Switch Weight mods, the SWX Cam offers more versatility than ever with mods available for draw weights ranging from 55 to 80 lbs. programmed to deliver the highest efficiency at each weight. An all-new axle assembly cuts weight while increasing efficiency across the entire platform. A wider, shorter limb profile maximizes the working surface area of the limbs for increased stability and efficiency. Paired with RPD technology which tackles excess vibration directly at the source, the new limb and axle design results in a stealthy and ultra-smooth shooting experience. Integrates directly into the grip of your Mathews bow, the Shot Sense module will track and record your shot analytics, providing advanced feedback in real time through the Mathews Shot Sense app. The LIFT features reimagined RPD limbs to minimize post-shot vibration, a new top axle system for lightweight stability, and is equipped with all-new MATCH bowstrings to eliminate stretch, serving separation and peep rotation.

Black Mamba Pro: APA Archery has taken innovation to the next level by introducing the Black Mamba Pro, featuring APA’s new Pro-Connect Technology. 33. KEY AUCTION ITEM # 4—Craig Boddington —“The African Experience”

“The African Experience, gives us an in-depth analysis of the safari industry, explains where it came from, and where it is going. The book will also help you to figure out what to try for, what to leave aside, how to stretch your money into hunting, how to plan a trip in a methodical and intelligent way, and what to do and what to avoid. Craig Boddington personally signed this book, for the Greater Dacotah Chapter, at the Dallas Safari Club National in 2024.

34. Wyoming Antelope Hunt

Forbes Outfitting - Kaycee, Wyoming - Sandy and Penny Forbes, info@forbesoutfitters.net, Cell 307 631 6639, Forbes Outfitters - Wyoming Trophy Hunts We have the opportunity to hunt thousands of acres for antelope. What makes the hunt so unique is the chance to harvest more than one trophy goat per year. Having a 100% success rate for all antelope hunters is something we are very proud of.. We highly recommend this hunt for kids and beginners. Bow hunters hunt from blinds with very close shots and for rifle hunting we use a spot and stalk method. This is a very reasonably priced and FUN hunt! Please call for pricing.

Hunt Dates: 2025 - Archery: August 15 – September 30, Three-Day Hunt, Second Buck (with 3 Day Hunt), Five Day Combo Deer/Antelope, Additional Doe. Rifle: October 15 – October 31, Three-Day Hunt, Second Buck (with 3 Day Hunt), Five Day Combo Deer/Antelope, Additional Doe 1 Guide/Hunter, Location of Hunt: Kaycee, Wyoming. Type of accommodation includes room and board. 2024 License fee was \$363.50, which may be subject to change. Drawing by lottery-Application Deadline May 2025. Field Prep Included. Game that can be added: deer, elk, mountain lion, prairie dogs. Trip may be extended at \$750/day.

Fully guided 3-day hunts include room and board. The only things this price does not include is your tag (\$363.50 + \$21.50 for conservation stamp & \$72.00 for archery stamp) and your meat locker processing fees which for an antelope is normally right around \$100.00. We will apply for your tag for you as well. Everything is taken care of the second you land or arrive in Kaycee, WY. If you need anything else, such as heads shipped, meat donated or anything of the sort we are more than happy to help you out with that as well. This hunt is also awesome for young/1st time hunters.

35. Red Stag - Wilderness Pursuits Sporting - Scotland

Transfers from and to Edinburgh Airport are included. There are no VAT taxes to be added. Shaun Wilson is your guide for the hunt. Lunch is provided during the hunt. Dinner is not included and would be available at the hotel accommodation. Alcohol is not included. Other Fees incurred by the Hunter: \$75 per additional day for rifle hire and gratuities. Dipping, Packing, and expediting. - What you can expect while Red Stag hunting!!! The morning will start with a good breakfast at the accommodation around 7.00-7.30am. We will leave for the hunting ground around 8.00-8.30am, which will be a short drive. The terrain is an open mountain so the first hour of the morning is usually spent glassing and locating a herd of deer that can be approached. Once deer are located then the stalk begins which could be several miles. Shots are usually taken from between 80 – 250m, this will depend on how confident the hunter is at shooting and how close you can get to the herd. A packed lunch will be arranged and taken with us on the mountain as you could well be out there all day. In most cases there will be roads up the mountain that you will be driven up in a 4x4 or you could be travelling in a Argo cat. Stags shot will be collected by the guide by Argo cat and taken back to a chiller. After shooting a stag you must tell the guide if you would like the cape for taxidermy before any cuts are made. Expect to be dropped off at the accommodation around 5 – 6pm, this will all depend on how far out on the mountain you end up hunting. Hunting Red stags in Scotland requires a reasonable level of fitness mostly, but we can accommodate for most people. You should think about having a good layering system of clothes with you. Recommended equipment for the hunt: Waterproof walking boots and gaiters, Waterproof clothing, Cold weather clothing for the mornings, A pair of gloves and a beanie for frosty conditions, Binoculars, rifle and ammunition (only if you are bringing your own rifle), and small backpack to carry some bottles of drinking water and clothing if it gets too hot.
